

Following the shooting back in 2009, I went to Fort Hood. I met with the families of loved ones of this attack's victims. I saw firsthand the devastation and the sacrifice. None of them—none of them—should have had to wait this long for the recognition. Although the delay can never be made right, I am relieved that these families and victims have finally received the recognition for their sacrifice.

Mr. Speaker, Senator CORNYN from my State of Texas, Representative CARTER, and Representative ROGER WILLIAMS put a lot of effort into this, but I also need to recognize the thousands of constituents—not just in Texas, but across the country—who phoned, emailed, and sent letters asking that this omission be made right.

I am happy to say and acknowledge that through their efforts, it finally has been.

#### IN RECOGNITION OF ONCOLOGY NURSING SOCIETY'S 40TH ANNIVERSARY

(Ms. SCHAKOWSKY asked and was given permission to address the House for 1 minute.)

Ms. SCHAKOWSKY. In recognition of the Oncology Nursing Society's 40th anniversary, I want to congratulate ONS for their legacy of excellence in oncology nursing and quality cancer care.

ONS is a professional organization of over 37,000 registered nurses and other healthcare providers dedicated to providing care to patients in one of the most difficult stages of their lives.

Since 1975, the Oncology Nursing Society has worked tirelessly to lead the transformation of cancer care. ONS is the primary source of education for all nurses providing care to people with cancer, regardless of the setting.

In my State of Illinois alone, there are 10 chapters of ONS, with more than 1,600 members. In addition, the ONS Chicago chapter is the oldest chapter in the country.

Oncology nurses are there for patients through one of the most challenging times in their lives. They help patients and their loved ones by caring, teaching, listening, and simply being present.

As Congress continues to work to increase access to quality care, I praise the commitment of ONS in fostering excellence in oncology nursing and the care of cancer patients.

I would like to congratulate all the members of ONS on the occasion of its 40th anniversary and wish them many more years of dedicated service to the country.

#### IN MEMORY OF JUN CHINO, M.D.

(Mrs. MIMI WALTERS of California asked and was given permission to address the House for 1 minute.)

Mrs. MIMI WALTERS of California. Mr. Speaker, the recent passing of Dr. Jun Chino has left many in his south-

ern California community with heavy hearts, including my family and myself, who were blessed to have had a close personal relationship with him.

Dr. Chino was the eldest son in a farming family who were moved from an internment camp during World War II, losing their land in the process.

Despite their difficult financial circumstances in the post-war years, Jun managed to obtain a pre-med degree at Stanford and go on to graduate from the university's medical school. Following residency at Los Angeles County USC General Hospital, and having achieved board certification as an orthopedic surgeon, he practiced for 52 years in Orange County.

He served in leadership positions on countless medical organizations and was esteemed by his peers for his skills and for dedicating himself to staying on the cutting edge of developments in his field. Dr. Chino is survived by his wife, Kazuko, and his daughter, Lisa.

He will be dearly missed by all who knew him.

#### THE AMERICAN PEOPLE DESERVE A BIPARTISAN SOLUTION TO THE HIGHWAY TRUST FUND

(Mr. DELANEY asked and was given permission to address the House for 1 minute.)

Mr. DELANEY. Mr. Speaker, in less than 40 days, the highway trust fund runs out of money, which means 90 percent of the surface transportation projects in this country will stop.

To help Congress appreciate the magnitude of this looming crisis, I reached out to my constituents and asked them to give me their stories about our infrastructure. We received hundreds of responses. One of them was from Magnus in Hagerstown, Maryland, who talks about a major highway, Route I-81, that runs through Hagerstown, which he describes as "Death Valley" because he feels like he reads a story in the local newspaper about someone dying there almost every other week. He also commented about how it hurts economic growth for the region, and the region has not been able to attract the businesses it needs to grow its economy.

Mr. Speaker, the American people deserve a bipartisan solution to fund the highway trust fund, and we should be working on it now.

#### TRIBUTE TO GENERAL R. MARTIN UMBARGER

(Mrs. BROOKS of Indiana asked and was given permission to address the House for 1 minute.)

Mrs. BROOKS of Indiana. Mr. Speaker, I rise today to honor a true patriot and public servant, Major General R. Martin Umbarger. After serving over four decades in the Indiana National Guard, including the past 10 as our adjutant general, I extend congratulations to him on the occasion of his retirement.

As commander of the fourth largest National Guard contingent in the United States, Major General Umbarger impacted the lives of countless Hoosiers and Americans. When communities in southern Indiana were torn apart by tornadoes, it was General Umbarger and the National Guard who came to their rescue. When the global war on terrorism began, it was General Umbarger and our 21,000 National Guardsmen who supported our most critical military operations.

General Umbarger is truly an extraordinary leader who has displayed a steadfast commitment to protecting Americans' freedoms at home and abroad. He also started the Hoosier Youth Challenge Academy in Knightsville, which works to give so many kids a brighter future.

Major General Umbarger is a hero in every sense of the word. It is with pride that I recognize his tremendous legacy, and I wish him and his wife, Rowanna, the very best as they celebrate a well-deserved retirement.
